

# Laws of Existence

I was also shown the LAWS OF EXISTENCE controlling the human ability to create new circumstances and environment, relationships, achievement or failure, prosperity or poverty.

Whatever man profoundly **BELIEVES** himself to be, good or bad, that will he become.

Whatever man **FEARS** others will do to him, so will they do.

Whatever man **HOPES** that others will do to him, he must first do to them, since he is then creating a 'consciousness pattern' which will return to bless him to the extent he has blest others.

Whatever disease man **DREADS** so will he become prey to it for he will have created a 'consciousness pattern' of the very thing he least wants to experience.

Whatever is sent forth from man's mind and heart - returns to him in due course in some form or another, but remember that like always breeds like.

Strongly held emotional thoughts are 'consciousness seeds' planted within a man's own orbit of consciousness. These will grow, bearing a like harvest for his reaping.

**These are the fruits of free will.**

**There is no way that man may escape what he thinks, says or does - for he is born of the Divine Creative Consciousness power and is likewise creative in his imagining.**

Those who long for good for themselves must first give it to others. Let their very existence be a blessing to others.

**When such people are in harmony with all others -  
they are then perfectly attuned to the Universal Creative Consciousness power -**

and they are brought into the flow of the Father 'nature' which is growth, protection, nourishment (physical, mental, spiritual) healing, fulfilment of need, within a system of law and order.

**How can I describe for you, my inner glow, my transcendent brightness and brilliance of joy and powerful feelings of love which possessed and inflated my entire being with their intensity until I cried out with the pressure within my mind and heart. It was so powerful it seemed it would entirely dissolve my bodily form. As I received all this supreme, sublime understanding of the Reality, our Source of Being, and the true nature of creation itself - and of mankind, I was uplifted in spirit and my body became light as air.**

At that time, when I was thus elevated within the **Divine Creative Power Itself**, I was indeed almost a 'Divine Person' myself, experiencing a high degree of the '**Nature**' of the '**Father-Creative Power**' within me and feeling Its own drive and caring concern for all humanity. Therefore, I could later say with truth: '**Only I know and have seen the 'Father'.**'

In that moment how I yearned to teach, heal, comfort, uplift, feed, take away the people's pain and misery.

I longed to release them from their fear of a mythical 'avenging god'!

When I returned to tell them the truth, how I would emphasize the **'Reality'** of the **'Father-Creative Power' - PERFECT LOVE** - supplying their every need. All they had to do was 'Ask, seek, knock' and all their needs - of whatever kind - would be bestowed upon them.

How joyously I would tell them the 'good news' that 'redemption from suffering' lay within their grasp if they only took the necessary steps to cleanse their minds and hearts of the TWIN IMPULSES of manifested 'being'.

This should be simple enough, I thought, one only needed understanding and self-control.

[~ I have descended towards your vibrations to refer back to my actual state of mind during the time I was in the desert. It will help your own understanding immeasurably if you try to enter my 'state of consciousness' at that time. So many things, such as my works of healing and 'walking on water' will become clear to you. They will be seen to be a natural consequence of my new understanding of the **'Father-Creative Power'**.

If you read the gospels of Matthew and Mark, their records will have new meaning for you. ~]

To return to my final hours of enlightenment, - there I was in the desert, possessing the clear understanding that man himself - (through no fault of his own) creates the barrier to attunement to the **'Father-Creative Power'**, and now I was longing to hurry back and teach, heal, comfort, dry the tears of those I so greatly pitied.

Yet I was reluctant to leave this 'hallowed' place where I had been so illumined and transformed in spirit. On the other hand what a wonderful future lay ahead of me!

I would walk through all the cities, towns, villages and tell everyone I met - the GOOD NEWS! 'The Kingdom of Heaven', that place where all sickness disappeared and every need was supplied was *within* them! Because I *knew* that the 'Father' and I were 'one', now that my mind had been cleansed of the old thoughts and ideas, I would direct healing at their illness and disease. I would teach them how to relieve their poverty.

When the **FATHER CONSCIOUSNESS** within me began to dim, and I gradually returned to human consciousness I became aware of gnawing hunger and also a return of my human conditioning and thought.

My reactions to my six weeks' experiences began to change. My usual human awareness of 'me' and my desires, took over my thoughts.

'Why, the most amazing and completely unexpected thing has happened to me!' I exulted. 'I have been given knowledge beyond any yet given to any other man.'

I was jubilant with the realisation that, at last, my doubt and rebelliousness against the avenging 'god' of the Traditional Orthodox Jews was vindicated. I had been right after all!

Who had ever suspected the human mind could be so highly creative that a strongly-held thought or desire would actually manifest itself in the visible realm? I realised that Moses must have known something of this, because he had accomplished some strange things when the Israelites were in dire need.

He became a leader and changed the course of the Israelites previously enslaved in Egypt.

I could return now and free my people from the rigid control of their own Teachers.

My hunger pains now became intense. It occurred to me that I could turn stones into bread to satisfy my longing for food because I remembered that

the **'Father-Creative Power'** worked through my mind and therefore, everything in the universe would be subject to my command.

I was about to speak the 'word' which would change stones into bread but something in me halted me abruptly.

It came to me, strongly, that the **'Father-Creative Consciousness'** was perfect protection, nourishment, fulfilment of need, and so the hunger would be taken care of, if I asked the 'Father' for relief.

I realised that if the little 'i', the human me, in my need, used the 'Creative Power' for selfish reasons, I would be erecting a barrier between the **'Father-Creative Consciousness'** and myself, and everything I had just learnt might well be taken away from me.

This frightened me, and swiftly I asked the **'Father-Creative Power'** for new strength to carry me back to habitations and Nazareth again. **I also asked for relief of hunger in the form that would be right for me.** Immediately, the hunger pangs subsided and I felt a surge of energy flow through my entire body. Thus I proved that all I had seen, heard and understood was **'Reality'** and not some vain imagining born of my time in the desert, fasting and alone.

My new energy enabled me to make haste over the rough tracks on my way out of the desert.

On the way, I met a well-dressed man of sweet and pleasing countenance. He greeted me warmly, expressing concern on seeing my rough, unkempt appearance and loss of condition.

Gladly, he sat me down on a rock and shared his excellent meat and bread with me. I wondered why he was in such a desolate place and where he had come from. In response to my questioning, he only smiled and seemed not the least surprised when I said I had been in the desert for so many days I had lost count of time. I explained how I was enlightened as to the true nature of the **Creator of the world** and shown the natural **Laws of Existence**. He only smiled and nodded.

'I am going back to my people to teach them everything I have learnt.' I said joyously. 'Why I will be able to heal them and bring them release from every sickness and trouble.'

The stranger replied sadly: 'It will take many millennia.'

I was about to rebuke his lack of faith when I realised he was gone.

I knew then that a Divine messenger had come to succor with good bread and **meat** - and compassionately give me warning that I might not find my mission so simple, despite my enthusiasm. I was deflated by his word of warning. My enthusiasm waned. The way to the first village on my road seemed endless. How a change in human thought produces a change of mood!

It came to me that I could further prove the truth of all I had been shown by jumping over the edge of a precipice which would greatly shorten my journey. As I was about to do this, it came to me forcibly that I was trying to 'prove' my time of enlightenment was real. If I required such proof, then I was in a state of doubt and I would probably kill myself, besides I had been shown that in every eventuality I could lift my thoughts up to the '**FATHER-CREATIVE CONSCIOUSNESS**' and ask for a solution to every problem. How quickly I forgot the **Truth!**

**So I prayed, passionately asking forgiveness for being weak enough to indulge my own fantasies and seeking my own way of doing things.**

Again, the answer came in renewed strength and a greater sureness of foot as I scrambled over the rough ground. I found, too, that I was covering long distances so quickly that it seemed that I had stepped outside normal time reckoning, and I was in a lighter dimension where human experience was lifted above its heavy thralldom of exhausting expenditure of energy. Walking was so easy it was now invigorating. I exulted in the fact that I had found the key to 'more abundant life'!

A while later, feeling so much at ease, my mind began to wander and I thought about my meeting with the stranger and the kindness he had shown me. But I also remembered his warning, and again my old nature reasserted itself and I felt deeply rebellious that he should presume to tell me how my work would go. I decided he knew nothing about my future and set his warning aside.

'Why,' I thought, 'with my knowledge I could accomplish things no man has ever done before. Instead of struggling in a difficult life, I could begin to accumulate wealth easily, attract followers wherever I went, and share my knowledge with them to make their lives easier also. I could take away all pain and suffering.'

As I contemplated the many places I could visit so easily, I felt myself skimming the surface of the ground and rising until I reached the highest peak of a steep mountain overlooking the countryside below.

There it was, all laid out before me. I felt my previous enthusiasm return. Why, it would be so simple to round up the people and share all my knowledge with them. I would become powerful, even famous as the man who rescued mankind from all their sickness and troubles. I would gain their admiration and respect and would no longer be remembered as an idle worthless fellow.

With a tremendous shock, all I had been taught so recently, but a few hours ago, returned to mind with great force and clarity.

**Had I not been taught that the only way I could ever prosper was to abandon my self-will and turn to the 'FATHER' for assistance in everything I undertook?**

Then I remembered that creation had its own special purposes to fulfill. The individualizing process had created the 'pull and push', the 'give and take' in human behaviour. Although these human characteristics caused people great anguish in their lives, was it not the anguish which forced them to seek better ways to live in order to find true happiness? I realised that the ills of mankind had their place in the human scheme of existence.

## Was it right for me to bring privileged information to people in order to nullify the effects of the 'individualizing process'?

I realised I had been thinking from the 'central point' of my individuality, the 'ego', and it was the ego-drive which built barriers between mankind and '**Father-Creative Consciousness**'. Therefore, my 'central point of human desiring' would have to be conquered if I was to live in perfect harmony with my 'Father' as was my sincere intention. And so I continued on my way, pondering what might lie ahead and how I might best overcome the impulses governing my humanhood in order to remain in the Flow of 'Father Consciousness' from which I would draw inspiration, guidance, answers to problems, my daily nourishment, daily health, daily protection. In fact, I realised that whilst I remained within this daily Flow of 'Father Consciousness', no harm could ever come near me and my every need would be met.

And more importantly: the 'Father Consciousness' working through me would do whatever was required for people in dire need of healing and comfort.

At all times, I must overcome my rebelliousness against the harsh realities of existence and listen to the 'inner voice' and conform to the 'Higher Will' of the 'Father'. This 'Higher Will' was 'Perfect Love' directed entirely at promoting my highest good. It would be extremely foolish, I realised, to continue along the path of 'self-will' which had dictated my behaviour to that time.

It was then that I was inspired to speak in parables to the people. Those who were ready to receive the knowledge would understand and make good use of it.

But, as it turned out, even my disciples could not rid themselves sufficiently of Jewish doctrine to enable them to understand either the principle of consciousness or the activity of the **Divine 'Creative Power'** within creation. *[Until this time, it has remained a mystery to all except the spiritually enlightened.]*

Even the spiritual words of enlightenment cannot be immediately, fully comprehended by the human mind; therefore these **Letters** must be read

slowly and accompanied by much meditation and prayer to be properly understood.

Remember, unless you can become as a **'child'** - (getting rid of a useless clutter of beliefs, prejudices, resentments, ambitions, and ego-drive) with a mind filled with wonder and utmost faith, you will not be able to absorb these pages as you should.

To become a 'child', you must make an effort to shed all past mental conditioning.

If you are mentally/emotionally/physically suffering, it is only because whatever have been your most sincere beliefs, they have not been helpful to you; they have not promoted your well-being.
